

Digital Printing and Scanning Service Price List

Looking Glass now offers a full suite of digital services for photographers.

We can scan, adjust, retouch, restore, master, archive, and print your photographs and paintings on our large format digital printing system. Our master printer, Brad Boca, has worked with artists throughout the country, as well as the Bay Area, and through our Museum service level, is available for side by side image mastering, as well as consulting on your own studio system.

Pricing information is in the following pages, while the chart below will help you understand our different service levels and available services.

Digital Service Comparison	Standard	Gallery	Canvas	Museum
Archival pigment printing	X	X	X	X
Standard cropping	X			
Prints up to 20" x 30"	X			
Prints up to 44" by any length		X		X
Gallery wrap canvas printing 38" up to any length		X	X	X

Proof with 1 round of global corrections		X	X	X
Custom cropping		X	X	X
Film scanning up to 4000 dpi		X	X	X
Digital file mastering from scan, jpeg, or RAW file		X	X	X
Work directly with master printer (up to 30 minutes salon time)				X
Unlimited custom media choices				X
Giclee service for painters				X
Optional drum scanning service				X
Dodging/burning				X
Selective tonal and color adjustments				X
Digital capture of paintings and other fine art				X
File archived at Looking Glass for reprints				X
Editions and portfolio printing				X

If there is a service you need, please let us know. We have a team of on-call experts that can help you manage any digital project from system set-up to full book design. We are dedicated to helping you realize your digital projects.

Digital Printing and Scanning Service Price List

Restoration and Retouching

Photo Restoration and Retouching:

Photographs can be restored to improve old, damaged, and faded photographs and to remove scratches. Images can be retouched to improve skin tone, remove skin blemishes, or other cosmetic malfunctions. Adding or removing people or objects is possible; however this is dependent on the image and the person's/object's relationship to other elements in the scene. If another print or negative needs to be scanned for compositing (i.e. taking a person's head from one photo and compositing it into another photo) an additional small scan charge is required.

Sizing, Cropping, and Borders:

Prices listed include 1/4" border around image area and approximate cropping (within 1/4") as requested.

From Film or Photo Prints:

Scans & Print Service includes:

- In-house scanning of film or print at resolution necessary for final output
- 15 minutes of restoration time (additional time may be required depending on condition of original image and is billed at \$60/hour in 1/4 hour increments)
- Final file burned to CD
- Additional restoration time is billed at \$60/hour, in 1/4 hour increments

Standard Media Choices: Epson Premium Luster, Enhanced Matte

Premium Media Choices: Hahnemuhle Fine Art Pearl, Moab Entrada

Size	Scan & Print Standard Media	Add'l Prints	Scan & Print Premium Media	Add'l Prints	Additional restoration time
5" x 7" or smaller	\$35	\$5	\$39	\$7	\$60/hour, billed in 1/4 hour increments

Digital Printing and Scanning Service Price List

Scanning

Scan Only

High resolution scanning of film or prints to create a digital file. Ideal for customers who are Photoshop-savvy and want a digital file to do their own manipulations on. Each scan has white point, black point, density and overall color balance set at scan time.

Ultra vs Raw Scans

- Raw scans have no Digital Ice applied or post scan work and cost \$15 less per scan
- Ultra scans are spotted for scan artifacts (e.g. dust) and basic color adjustment

Imacon and Tango Scans

- Imacon and Tango drum scanning service is available on as-quoted basis.

File Format

All high-resolution scan-only orders will be saved as tiff files unless otherwise requested. Web scans will be saved as jpegs.

Delivery Methods

Scan-only jobs are burned to CD or DVD for delivery. CD or DVD media is included in the scan price. Additional CDs are \$6 and additional DVDs are \$15.

Digital Printing and Scanning Service Price List

Standard Printing

Standard Printing

This is our printing service for photographers who don't need the full service printing offered with Gallery or Museum printing. Scanning artifacts (dust and scratches) are removed. Images are edited for overall color, contrast, and density. A guide print may be provided but only an approximate match is promised. There is no proof print or redo with this service.

Sizing, Cropping, and Borders:

- Images 5" x 7" and smaller will be billed at the 5" x 7" price
- Largest size: 20" x 30" for landscape, 20" x 20" for square format, 12.5" x 40 for panoramic
- Prices listed include 1/4" border on long dimension and standard cropping (within 1/4") as requested.

From Digital File:

- Includes raw conversion if necessary and final print

From Film:

- Includes in-house scanning of film or print and final print

Additional Prints/Reprints:

- Additional prints ordered at same time qualify for the lower Additional price.
- Files burned to CD are eligible for reprints, however the files will not be archived at Looking Glass.

Digital Printing and Scanning Service Price List

Gallery Printing

Gallery Printing:

Gallery printing includes proof print with 1 round of global color corrections and expanded media choices. Images are cloned for scanning artifacts (dust and scratches), edited for overall color, contrast, and density for a standard match to guide print or transparency. Includes one 5" x 7" proof print and one round of global corrections. Additional digital imaging time for local adjustments, masking, compositing, or visualization is billed at \$100/hour, in 15 minute increments (15 minute minimum).

Sizing, Cropping, and Borders:

- Prices listed include 1/4" border on long dimension and custom cropping (within 1/8") as requested.

From Digital File:

- Includes raw conversion if necessary and final print.

From Film or Print

- Scans and Print Service includes in-house scanning at resolution necessary for final output.

Additional Prints/Reprints:

- Additional prints ordered at same time qualify for the lower Additional price.
- Files burned to CD are eligible for reprints, however the files will not be archived at Looking Glass

Digital Printing and Scanning Service Price List

Canvas Printing for Photographers

Canvas Printing

Canvas printing offers a clean and direct presentation of your image printed onto canvas instead of photo or cotton rag paper. The final prints are coated with UV laminate to protect from sun and moisture and then mounted to stretcher bars for a gallery-wrapped canvas. Canvas printing allows for large prints from digital cameras and 35mm film as the surface compensates for the smaller captures of digital images. We have successfully printed 30" x 44" prints on canvas from 8 megapixel entry-level dSLR cameras.

Sizing, Cropping, and Borders:

- Images smaller than 16" x 20" are mounted to 3/4" stretcher bars; images larger than 16" x 20" are mounted to 1.5" stretcher bars.

From Digital File:

- Includes raw conversion if necessary and final print.

From Film:

- Scans and Print Service includes in-house scanning of film or print at resolution necessary for final output.

Mounting and Coating:

- UV coating and mounting to stretcher bars is included.

Museum Printing for Photographers

Museum Printing: for Photographers

Museum printing is our custom service for fine art photographers who require the finest in digital printmaking. Museum printings is perfect for the discriminating artist who needs to work closely with a master printer to produce fine art prints in color or black-and-white. Allows for global and selective adjustments, custom burning and dodging, and exact cropping for the best possible print.

Museum Printing's master file fee includes a high-resolution custom scan (or digital file conversion from your camera RAW file), up to 30 minutes of salon time with the printer, layered master file burned to CD for client and archived at Looking Glass. Clients may then order a print at any size from the master file (see "From Digital File" prices on Gallery Printing page).

Includes:

- Master printer consultation
- High-resolution custom scan or custom raw file conversion
- 1 8x10" full frame proof print on media of your choice
- Up to 30 minutes of salon time to create master file. Additional color correction, custom visualization, profile creation, etc. is billed at \$100/hr, in 15 minute increments.
- Layered master file burned to CD (1 copy archived at Looking Glass and one for customer)
- Drum scans upgrades and custom media choices are available at an additional fee.

Exceptions:

Images which require extensive cleanup, restoration, compositing, beauty retouching, etc will be billed at \$100/hour in 15 minute increments in addition to the Museum Printing fee. We will advise in advance.

Media:

- Standard Media: Epson Premium Luster, Premium Glossy, Enhanced Matte
- Premium Media: Hahnemuhle Fine Art Pearl, Moab Entrada 300, Moab Anasazi Canvas
- Harman: Harman Fiber Glossy AI (add 20% to print price)
- Custom Media choices available on request

Proofing:

1 proof is included. Additional 8x10" proofs on standard media are \$12.50, 8x10" proofs on premium media (Hahnemuhle Fine Art Pearl or Photo Rag, canvas) are \$20, 8x10" Harman proofs are \$25. Larger proofs or strip proofs may be ordered for additional fee.

Reprints:

Once file is mastered, a copy of the master file is archived at Looking Glass. You may order any size reprint from your master file.
